Note/s:

- The downtime requirement for downtime rooms and dormitory are two separate requirements. Upon entry, all incoming personnel shall be required to undergo downtime in the downtime room/s. Downtime period in the dormitory room/s shall be fulfilled subsequently after the first downtime level requirement.
- For those officers/personnel who had a close contact or had comingled with other roving officer/officer/personnel fulfilling his/her 7-day downtime period from Red-Con Farm, a 48-hour downtime period outside the farm or in Farm Downtime Room/s is required and another 24-hour downtime in the Dormitory Room shall be required upon farm entry.
- Outside refers to other areas not stipulated on the areas provided in this matrix except for areas with confirmed and announced cases of Avian Influenza and other poultry diseases like New Castle's Disease, etc.
- For inter-departmental, inter-island and international visits, please see the BFG Revised Biosecurity Downtime Matrix released by Animal Health Group last December, 2025.
- On special occasion/s, Animal Health Group's Biosecurity Guidelines shall supersede this matrix.
- For roving officers, downtime period should be taken outside the farm. It is highly advised to use delegated staffhouse for downtime before transfer to other farms. This is to observe biocontainment and limit contact to officers and personnel of other respective farms.
- This Downtime Matrix applies to all type of traffic flow, human, materials and vehicles.
- This Downtime Matrix shall be in effect starting August 12, 2026 until further notice.
